WELCOME

Dear Colleagues,

It is our great pleasure to invite you to participate in our comprehensive practical workshop of diagnosing and managing patients with intracranial gliomas. Our course is aiming at covering all aspects of gliomas, from their genetic analysis and profiling to the most advanced surgical resective techniques and the long-term follow-up and support of these patients. An astonishing multi-national faculty, including leading figures in the field of neuro-oncology constitutes a guarantee that the participants will be able to familiarize themselves with all advanced imaging and surgical techniques, utilized for the most efficient and the safest management of patients with intracranial gliomas. A well-balanced combination of vivid presentations, stimulating debates, highly-didactic video sessions, and practical hands-on will ensure that each participant will be exposed to all diagnostic methodologies, to the most updated surgical strategies and to the most recent adjuvant treatment protocols. Moreover, the interactive e-poster session will serve as a forum for exchanging bright new ideas regarding basic science, translational, and clinical glioma research.

The event is hosted in Athens, at the Royal Olympic Hotel, situated in the heart of the city center and at walking distance from many important historical sites, such as the new Acropolis Museum, Hadrian's Gate, the Temple of Zeus and the National Gardens, as well as the main shopping district of the city. We are looking forward to welcoming you in Athens in May 2019 and making this an unforgettable experience for you.

With our warmest regards,

Effie Kapsalaki

Kostas Fountas

Chairmen of the Organizing Committee

TOPICS - AREAS OF INTEREST

- Epidemiology of gliomas
- Historical aspects of diagnosis and management of intracranial gliomas
- Genetics of gliomas
- Molecular characteristics of gliomas
- Rare forms of intracranial glioma
- Molecular biomarkers of gliomas
- Molecular imaging of gliomas
- Advanced methods in the diagnosis and grading of gliomas
- Imaging of gliomas
- Surgical management of gliomas
- Adjuvant treatment of gliomas
- Support of patients with glioma

VENUE

ROYAL OLYMPIC HOTEL 28 ATHANASSIOU DIAKOU STR., ATHENS, GREECE

The Royal Olympic is a five-star hotel located in the center of Athens. The hotel lays just in front of the famous Temple of Zeus and National Garden and at a 2 minutes walking distance to the new Acropolis Museum.

After the hotel's complete renovation, which concluded in 2009, the Royal Olympic was transformed to an art hotel elegantly decorated and more importantly well looked after in every detail. One of the aspects given particular attention to, was to create a very personal hotel and as much environmentally friendly as possible.

The hotel offers 18 recently renovated meeting rooms. Most are flooded with natural light, while each of them has its own distinctive character and unique decoration. The Royal Olympic can hold meetings stretching from 5 to 700 delegates and combines conference facilities with personal attendance of the personnel.

The unique location of the hotel in the heart of historical Athens and the unique privilege to enjoy the breathtaking view during a conference break make a huge difference, leading to a most memorable business meeting or incentive trip.

Synthesis Group also undertakes the following travel services:

- Air-tickets • Boat tickets • Transfers from/to the airport/hotel

ACCOMMODATION

Please inform us about your accommodation requirements, by **30th November 2018** at the latest and take advantage of the special prices. For requests please mail at: glioma@synthesispc.com.

ABSTRACT SUBMISSION

Submitted posters should cover the following areas of interest:

- Epidemiology of gliomas
- Historical aspects of diagnosis and management of intracranial gliomas
- Genetics of gliomas
- Molecular characteristics of gliomas
- Rare forms of intracranial glioma
- Molecular biomarkers of gliomas
- Molecular imaging of gliomas
- Advanced methods in the diagnosis and grading of gliomas
- Imaging of gliomas
- Surgical management of gliomas
- Adjuvant treatment of gliomas
- Support of patients with glioma

GENERAL ABSTRACT GUIDELINES

- Abstract Submission is only possible through the official website www.glioma2019.com (See Abstract Preparation and Abstract Submission Guidelines)
- Abstracts submitted via **fax** or **e-mail** will not be accepted
- Abstract Submission Deadline: **1 March 2019**

ABSTRACT PREPARATION GUIDELINES

Abstracts should be **in English**, in word format (.doc or .docx file), in Arial font, 10 pt, single space and single spacing and should not exceed 250 words.

ABSTRACT LAYOUT

1. In the first row mention the full title of the abstract (in capital letters-UPPERCASE)
2. Leave one (1) row and continue with the author(s) names thus: Smith P.¹, Smith A.² and so on.
3. Leave one (1) row and continue with the institutions/hospitals in lowercase as follows:
 1. Orthopaedic Surgery Clinic, Gennimatas General Hospital
 2. Anaesthesiology Department, Gennimatas General Hospital
4. The name of the presenting author should be underlined and **bold**
5. The presenting author should be one of the authors of the abstract
6. Leave two (2) rows
7. The abstract should be structured in four components:

Background

 Material & Methods

 Results

 Conclusions

ABSTRACT SUBMISSION GUIDELINES

ABSTRACT SUBMISSION GUIDELINES

Submitters are requested to submit their abstracts **until 1 March 2019** at the latest. As soon as submitters are notified, they should submit their abstract on-line through the official website www.glioma2019.com

Please note that the file you will be requested to upload during abstract submission will be the file which will be included in the Abstracts CD.

You are strongly advised to have it updated and correctly formatted. In case you would like to withdraw your abstract, please notify the secretariat at glioma@synthesispco.com.

CONDITIONS FOR ABSTRACT SUBMISSION

1. In order for an abstract to be accepted, the presenting author should be registered for the workshop.
2. The abstract body can be up to 250 words.
3. There is no limit to the number of authors for each abstract.
4. All data should be included (Title, Authors, Institution/Hospital, Abstract Layout).
5. Abstracts should be prepared according to the abstract preparation guidelines.
6. Abstracts should be submitted on time.

Abstracts that do not meet the above conditions will not be accepted.

Authors will be notified via e-mail regarding abstract evaluation results, until **18 March 2019**. Approved abstracts will be published in the Abstracts CD and in the congress final program (Title, Authors, Institution/Hospital).

For any questions or technical support, please contact: glioma@synthesispco.com
